

40ft High Cube Double Door ISO Container

ISO certified double door storage container. Suitable for shipping or general storage.

- Doors at both end of the container for simpler loading and unloading.
- Cor-Ten steel construction.
- Easy open doors, with high single locking rod with longer rubber grip handle for better leverage.
- Grease fittings on the hinges provide smoother operation throughout the box life.
- Secure cam/keeper at bottom of locking rod for additional security.
- Secure steel lockbox fitted (within ISO dimensions).
- Internal lashing points.

Uses

- Secure storage of goods with access from both ends, allowing for easier and more efficient loading and unloading.
- Transportation of goods via multiple modes of transport, i.e. rail, sea and road. Increased height for larger capacity and to store taller cargo.
